

POWER-DARM

Natural gut cleanse

This natural solution to aid regular digestion.

Stress, nutrition and further factors may have a negative impact on the gut flora. Power Digest contains an effective combination of natural substances to promote healthy gut flora:

- Fructo-oligosaccharides (prebiotic) (approx. 100,000 mg/kg)
- Mannan-oligosaccharides (adhesive agent) (approx. 70,000 mg/kg)
- Fructo-oligosaccharides (prebiotic) (approx. 110,000 mg/kg)
- Enterococcus faecium (probiotic)
- Inulin (prebiotic)

Power Digest **promotes the production of useful gut bacteria** (Bifidobacteria, Lactobacilla) and supports the protective action of the flora in the so-called gut barrier.

Harmful bacteria are absorbed by mannan-oligosaccharides and excreted in the faecal matter.

How Power Digest works

The gut flora are replaced approx. every 10-14 days. During this time, increased flatulence (wind) and bowel movements may occur. The effects of Power Digest include improved digestion resulting in soft faeces with a good consistency.

Anifit tip: During a change in diet or following gut issues, narcosis or antibiotics we recommend combining 1-3

grams with Anifit wet food.

Anifit tip: Following each de-worming treatment, mix 1-3 grams into pet food over a period of 1 month. Otherwise, the gut requires a period of 5-7 months before it is completely restored to its original condition.

Feeding recommendation

1g for dogs and cats weighing up to 10 kg

2g for dogs weighing up to 20kg

3g for dogs weighing up to 40kg

Dosage: 2g is the equivalent of one teaspoon

One full measuring spoon equals 0.9 g

Combine Amovendo Power Digest with wet food.

Ingredients

Yeast cell walls, ground carrots, chicory powder, yoghurt powder and apple pectin, fructo-oligosaccharides, banana flour, chicken hearts, turmeric

Additives (Nutritional additives):

Enterococcus faecium 2*109KBE

Analytical components

17 % raw protein, 7 % raw oils and fats, 4 % raw fibre, 4 % crude ash, 7 % moisture
